**ASSOCIATION OF CLINICIANS
FOR THE UNDERSERVED**

**2020-2021 CORPORATE ALLY
PROSPECTUS**

ABOUT THE ACU

The Association of Clinicians for the Underserved is a uniquely transdisciplinary membership network uniting clinicians, advocates, and organizations in the shared mission to improve the health of America's underserved populations and to support the clinicians serving them.

We unite the providers, patients, and partners necessary to achieve health equity for underserved communities, and we are a premier organization representing clinicians from 18 clinical disciplines serving in safety net healthcare facilities across the U.S.

The ACU is the leading voice for the National Health Service Corps, and our members include diverse organizations such as Federally Qualified Health Centers, PCAs, free clinics, and public health departments. Our members are spread throughout the U.S., but they are united in their commitment to providing quality care to underserved communities.

THE VALUE OF BECOMING A CORPORATE ALLY

The ACU offers an invaluable opportunity to corporations who support us and our mission to not only gain visibility and interact with our members, but also to directly collaborate with us in working to improve health equity. Joining us as a Corporate Ally gives you the chance to reach a robust, professionally diverse group of health care organizations and professionals throughout the United States.

Join us at any one of multiple tiers: our program allows you to take advantage of the sponsorship and program opportunities that are most valuable to you.
